Assistant Professor, C. D. Jain College of commerce, Shirampur

Abstract

This paper explains about the Internal Quality Assurance Cell (IQAC) some practices which is beneficial in Rural area. Considering the changing nature of technology and economic activities, new programmes in emerging area should be introduced at the earliest. Similarly innovative programmes at undergraduate and degree level have become the need of the hour. This paper tried to concentrate run due to the influence of IQAC cell in C.D.jain college of Commerce, Shirampur .

Keywords: Best practices, IQAC, students support and progression

Introduction

If the academic world does not take cognizance of the challenges ahead then the future generations will never forgive the present one. It is time to introspect and improve. Modifications are required in almost all the areas of education and some additional aspects will also have to be introduced, if one is seriously thinking of revamping the education sector in India. Every NAAC accredited Institution is expected to establish Internal Quality Assurance Cell (IQAC). The role of IQAC is not only to sustain quality but also enhance it. Therefore the post –accreditation is a shift from quality assurance to quality enhancement. These modifications are particularly regarding the approach and philosophy of the education and the implementation or delivery of the same. The new aspects that need to be introduced are related to technology and techniques

Every stakeholder in these Institutions has to play a significant role in imparting, sustaining and fostering quality related activities. In this process, how the IQAC will be a pathfinder has been viewed Criteria wise and discussed as follows and relates C.D.Jain College of commerce practices run by IQAC.

Students Support and Progression

The IQAC must ensure that there exists Tutorward system or preferably Mentoring system in the Institution. The three type of counselling such as Academic, Career and Personal counselling must be ensured with the establishment of either Tutor –Ward or Mentoring system, Carrier Guidance cell and appointment of Psychological counsellor. IQAC has to be think critically, rationally and ethically towards these issues are concerns. The students must be motivated to take up higher studies or must be get placements by the efforts of IQAC.

The IQAC also must be motivating the Students to take part in every co-curricular and extracurricular activity and motivate them to get laurels at least in the state level or national levels. Apart from ensuring quality education to the students, The IQAC has to take necessary steps in imparting Skills development and Personality development programme which must go hand in hand with Teaching – learning process. So that students should attend confidence with effective communication skills, the right kind of attitude for hard work, an aptitude to excel in whatever work they undertake and become congruent to the situation.

Although a growing number of studies have shown that the college influences the development of outcomes that support and enables students to be engaged citizens in enable students to be college experience have these effects (Gurin, 1999; Hurtado 2003). The rural students have to be engaged in such a way that the difference between them has to created values in mind of students. The best practices followed by the IQAC cell mentioned below

S.N.	Name of the Activity	Outcomes
1	Drop Down Ratio The list of students those are failed or ATKT or those not filled the exam forms are maintained by office.	To reduce the drop down ratio the name of the students are provided to concern teachers and try to motivate students to complete study. This done in twice in a year. Report is submitted to IQAC with reason.
2	ICT To impart the teacher learning process the use of ICT by all teachers and for this multimedia board with digital projector is provided. Teachers have to upload their presentation on VIRUDHHI software along with the notes.	The seminars and presentations of students are also uploaded. This helps to create the own database and information database.
3	Carrier Cell To provide the job opportunities along with try to tie up with the need of Local firms.	The skills required by the Local and National companies are provided. The Tie Ups with the firms Tata Consultancy Services and Flutron India had been conducted . campus interview
4	Research To motivate the students to Participate in Akvishakar or National and International Level seminar. Eco club activity etc.	We are able to divert the rural population towards the research thorough Survey, Avishakar university level price, M.com students presented papers in national and International Level seminar
5	Promote the use of Social Networks Facebook, twitter, Blogs	The teacher had made their blog and gives link to various resources also the edx, Coursera, Phet, wolfarm –Alpha do get online courses.
6	Textpert To promote the ICT skills of students through ICT competitions, Advertising, Quiz Competition, computer gaming and Robotics	The students are organising Sate level programme with the event management experience, Sponsorships form society etc. This event is popular in our city and helps to fulfil the admission seats.
7	Webinar Outside Alumina	Guest lecture series is arranged those alumina are outside the country.
8	Students Initiation and Participation	Readers club , Book review competition, competitive

	Engage the students is essential to various activity to impart co-curricular activity Multi Gym Meditation and Yoga Fitness Centre	exam series, Gandhi Research foundation Sansakar exam, Karmveer Vidya Probodhani, Carrier oriented course, Agri-business Management Diploma course, certification course in Cyber Crime, ethical hacking, Tally, English Speaking, commerce Lab, Income Tax, Banking and Marketing
9	By students for Students	Students are organising various programmes and management done by them, to inculcates event management, programme management on occasions of eminent persons jaayanti etc.
10	Earn and Learn Education Through Self Help is our Motto	Not only giving work but the utilisation of money is important Free Guest lecture motivation series every Saturday No fess has been charged if they want to seek the admission to various courses available in campus

The office automation occurred to fulfill the students need with in time. ICT enabled class rooms / smart class rooms, Language lab, commerce lab, E-library, user friendly websites, Network Resource centre utilised by the students and staff effectively. Internet Leased Line purchased the campus is providing WI-FI facility to students and staff.

IQAC's objective is To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution. The IQAC along with the Institutional leadership must ensure that the vision and mission of the institution is disseminated to all the stakeholders and they should ensure that there is a system and structure for the development of Institution which must be properly deployed.

Conclusions

Its small efforts taken by the institution it's not best we are looking forward to enhance our services to reach the society from students developments. To achieve the dream of Karmaveer Bhaurao Patil to develop the rural scenario through education is our motto. Our college is single faculty college but called as Complete Commerce College providing XI to Ph.D. education in college. The campus must be like that where students have free interaction with academicians and their fellow members of academic affairs.
