

SOFT SKILLS DEVELOPMENT PROGRAMME

REPORT

Date:- 17.09.2021

In this academic year the college launched various programs for the students. The students from F. Y to T.Y classes participated in this program. The Soft skills development program has been launched by the college from 16 September 2021 to 20 September 2021. For overall development of the students and to impart the necessary skills which are considered essential for the students to acquire jobs in multinational companies 29 students participated in this Soft skill development program.

These skills enhance the employability as well as entrepreneurial abilities of students. The well-known personalities from various fields have been invited to share their experience and success stories. This soft skills development program motivated students for their overall personality development.

Hence, every year college organizes seminars/workshops on SOFT SKILLS DEVELOPMENT for the Third Year Students of Commerce .The students understood the importance and necessity of soft skills in the business world.

COMMUNICATION SKILL DEVELOPMENT COURSE

Academic Year 2021-2022

ANNUAL REPORT

17 August 2021

English is extremely important language it has a vital position in the world today. It has become more like a status symbol. All the companies are recruiting only those people who speak fluent and correct English. With the coming up of the call centre and Multinational companies the need for English language has been increased in ten folds. With all this, happening one cannot afford to live without speaking English. The way we communicate, both informally as well as formally and communication works best when the listener understands better and that's why it's essential to have strong vocabulary that helps you to communicate properly. The students learn various topics including communication skills, professional communication, English vocabulary, jargons, how to pronounce, and many more which would be of great help to students in both in their personal and professional life as well.

This Spoken English course gives more stress on the importance of communication with clarity. Through this course students understand the concepts better and it help them be a proficient speaker. They understand what communication skills are, professional jargon, rules of communication skills, homophones, and connecting words. The tenure of the course is of three months. It began on 17th August 2021 to October 2021. In this academic year 25 students have been admitted for Certificate course in spoken English.
