Inaugural Function:

Inaugural function was chaired by Principal Dr.Bhor L.D (IQAC Chairman) and Resource person Mr.Milind Joshi (Omkar Creation, Nashik).

Technical Session:

Mr.Milind Joshi started his session by asked all staff members' questions like Do u know About Cyber Crime? How Attacker attacks on Secured data?

Cyber-crime is emerging as a very serious threat in today's world. The internet brings joy to our lives but at the same time it has some negative sides too. The cyber criminals are always in a search to find out the new ways to attack the possible internet victims. So, it has become very important for us to be aware of the various cybercrimes being committed with the help of computers. The paper is an attempt to provide a glimpse of various types of cybercrimes prevalent in modern technological society and what steps can be taken to protect ourselves from these cybercrimes.

He focus on today, everybody is using the computers i.e. from white collar employees to terrorists and from teenagers to adults. All the conventional crimes like forgery, extortion, kidnapping etc. are being done with the help of computers. New generation is growing up with computers and most important is that all the monetary transactions are moving on to the internet.

Principal Dr.Bhor mentioned in his key address note that Cybercrime is emerging as a very serious threat in today's world. The internet brings joy to our lives but at the same time it has some negative sides too. The cyber criminals are always in a search to find out the new ways to attack the possible internet victims.

Prof. Joshi P.D. moved vote of thanks.
